**President of the Russian Nursing Association**

Introduction of the standard job descriptions to practical health care

**PROJECT AIM/GOAL:**

Improving the quality of patient care and enhancing the role of nurses in health care

**MEASUREMENT:**

- Impact of introducing the standards of practice to the following regions:  
Leningrad and Archangel oblasts, Komi and Udmurti republics

**OUTCOMES:**

All planned activities have been carried out although a great deal of work is still ahead. In 2001, we are going to conduct a series of workshops on nursing process in Archangel, Murmansk, and St. Petersburg with participation of the Estonian Nursing Association.
