**Kharkiv Oblast Student Polyclinic**

**PROJECT GOAL:**

Health promotion and prevention of sexually transmissible infections among students

**OBJECTIVES:**

Decrease a level of STIs in the group of female students

**EVALUATION CRITERIA:**

Knowledge concerning health promotion in students by analyzing the outcomes

**ACTION STEPS:**

1. Prepare materials
2. Educate the team
3. Give students a test (distributing the questionnaire)

Trainings on STI prophylaxis are conducted at 23 Universities of the city
